Aquafest Firemen's Breakfast always good food, family fun

Dear Editor,

During Aquafest I enjoyed the Firemen's Breakfast, just like I do every year. My family and I always enjoy going to the breakfast during Aquafest. It has great food and provides a fun time for the community.

Being a person who plans meals and events for service groups and non-profit organizations, I know how much work, planning and effort a breakfast like this

one takes.

Thanks to Blake and all the Firemen and staff who plan this wonderful breakfast. I hope Chief Faucett knows what a great crew he has.

Our community benefits from their dedication and service.
