FOR IMMEDIATE RELEASE

## Lake Stevens Fire Brings Fire Safety House to Pancake Breakfast!

This year brings a new look to downtown Lake Stevens. The City of Lake Stevens is completing some new construction behind City Hall and the Public Works Department is busy gearing up for an influx of visitors for Aquafest this weekend.

Lake Stevens Fire has moved our fire safety house to Station 81, located at 12409 21<sup>st</sup> Street NE, along with our public information tent. This year, as you come to enjoy a great breakfast, our Division of Community Risk Reduction will be taking kids through the fire safety house. We'll also be providing information on the upcoming EMS Levy Lid Lift in November, and available to answer any questions you may have. Additionally our Deputy Chief/Fire Marshal Mike Messer will be teaching hands-only CPR.

The Division of Community Risk Reduction wants to hear from you, please email us at [fireprevention@lsfire.org](mailto:fireprevention@lsfire.org) for home safety evaluations, smoke alarm questions, fall prevention assessments, etc. Please remember to be **fire smart** in these dry conditions and remember to access [www.lsfire.org](http://www.lsfire.org) for our current Burn Ban information.

We look forward to seeing you all this weekend at Station 81 for our annual Pancake Breakfast on Saturday and Sunday from 6am - Noon.

Lake Stevens Fire wants to say THANK YOU for allowing us to serve you!
